Hotel Courtesy Shuttle

Our courtesy shuttle is a very popular amenity and a heavily utilized service.

In an effort to best attend to the needs of all our guests, please be aware of the following guidelines:

- ◆ Hours of operation are between 7:00am and 10:00pm.
- ◆ To ensure we are best able to accommodate requests, drop offs occur on the hour and on the half hour while pick ups occur fifteen minutes after and before each hour. Our first drop off is at 7:00am and our last pick up is at 9:45pm.
- ◆ Our shuttle provides transportation to most – but not all - areas within a three-mile radius of the hotel. There are two major limitations: Due to heavy Seattle traffic and so that we may maintain a timely schedule, we are not able to provide transportation south of Highway 520 or west of I-5 regardless of the distance.
- ◆ Courtesy shuttle service is scheduled on a first-come first-serve basis. We cannot guarantee our ability to provide transportation at the specific time of your request. We ask that drop off requests be scheduled in advance but no more than 24 hours ahead of time. Please indicate your time, destination, room number, and number of riders in advance with our front desk staff. We do not schedule pickups in advance as plans and schedules frequently change. We will provide you with the hotel telephone number and ask that you call us when ready to be picked up. We will schedule your return to the hotel at the next available time. Importantly, please be aware that due to a large volume of requests, specific times may already be full and can require flexibility with timing.
